For immediate publication for dancer awareness

Are You Dancing Insured?

Every dance organization needs insurance coverage while conducting and sponsoring dance activities. No matter how closely we follow safety rules and protocols, accidents can happen! United Square Dancers of America (USDA) offers comprehensive and affordable liability and supplemental medical insurance.

The USDA program includes accidental medical coverage for individual dancers participating in dancing activities, which can supplement a dancer's other medical insurance. The insurance program also provides general liability insurance to protect clubs, their members, and association officials. USDA insurance is available to USDA affiliate organizations at a reduced rate, as well as to other dance organizations at a higher non-affiliated rate.

For further information about USDA's Insurance Program, check our website at www.usda.org/Insurance.php or contact the USDA Insurance Coordinator at insurance@usda.org.
